

Walter Martin

Major: Landscape Architecture
Year Level: Third Year Undergrad
Firm: SeamonWhiteside
Advisor: Bill Eubanks
Dates: January 2019- April 2019

Goals

- 1- Become more proficient in Auto-Cad, specifically in the area of construction drawings and details.
- 2- Be involved in site visits, and become aware of how the project goes from paper to real life
- 3- Improve abilities in 3D programming, such as SketchUp and rendering programs like Lumion
- 4- Learn local codes and regulations and how they are applied to the projects
