PROFILE

YEAR M.Arch II
SCHOOL Clemson Architecture Center in Charleston

INTERNSHIP

FIRM Novus Architects
ADVISOR Danielle LeLorme, AIA, LEED AP BD+C
DATES 8.21.19 - 12.14.19

GOALS

1. To gain a better understanding of specifications and how to manage them throughout a project
2. To learn more about construction details so I can better understand how a building is put together
3. To gain experience in coordination and learn how to work seamlessly with consultants during the design and construction process
4. To better understand architectural fees and pricing a project
5. To learn about the construction administration process and project close-out
6. To visit a project in CA and learn how to punch-list
7. To become more efficient in Revit by learning more tools and tricks
8. To learn more about healthcare design and how a facility functions
9. To learn how to do cost estimates
10. To gain experience in sustainable design
